Refrigerated corner

- As big as 4-5 refrigerators
- Space for a full week's shopping
- Clear overview of your food store
- Low energy consumption

Product information

Do you find it irritating to open an overfilled fridge where you can easily lose track of the contents? Packed shelves in the run-up to holidays, get-togethers for friends or a Sunday lunch with all the trimmings? Then our corner fridge could be the answer to your prayers. It is one of the biggest domestic fridges on the market, with a capacity of fully 1,161 litres – corresponding to the size of 4-5 standard refrigerators. The corner fridge is available as a free-standing unit or for incorporating into your kitchen layout. Despite its impressive capacity, the corner fridge consumes little energy.

Wave goodbye to your overstuffed refrigerator! The corner fridge has the same capacity as 4-5 standard refrigerators.
